

At St Luke's CE Primary School, we believe there is more to coming to school than just being in a classroom. School years should be filled with fun, memorable events that don't cost any money. It is with this in mind that, in consultation with each class, School Council created a 'Passport' for your child to complete at home or in school during their primary school years. If you complete one of the activities with your child, please sign and date alongside it. Teachers will do the same.

St. Luke's CE Primary School

*50 things to do before you
leave primary school*

PASSPORT

Name.....
